Hi Fran,

I cannot begin to describe how useful this information is to us. This is the first time we hear about the siblings of Michael and his parents. Where can I find that CD? I would love to take a look further. I'm still looking at your other emails, they are incredibly useful.

Thanks a lot!

Christian

Hi Christian,
The Familienbuch Deutsch Zerne is listed below. However, there was a later edition published.
Contact Karen Dalton Preston. She may be able to tell you if the most current one is still available.

Do you belong to DVHH.org. You can also join their email list. There are many Donauschwaben Members, and the website is wonderful.
